MEMBERSHIP BENEFITS

Experience

AMA membership brings you closer to building good business relationships with some of the industry's most experienced motorcoach travel and tourism people.

Professional Ethics

Every member must sign the AMA Code of Ethics, which says that AMA members aspire to highest professional standards in the industry treating customers and other members with honesty, integrity, and accuracy; that they will conduct business in such a manner as to promote the industry; and that they will maintain current status for all license, permits, and operating authority required by federal, state, and local government agencies applicable to the industry. Members have the right to display the AMA logo on company business forms, communications, and advertisements.

Quarterly Newsletter

Operator members and Associate (vendor) members stay current with AMA's quarterly newsletter featuring the latest regulatory news, briefs on important legislative developments, coach industry news, and travel and tourism information. Associate members are eligible to advertise in AMA newsletters.

Annual Membership Directory

This detailed, AMA membership directory is a tour/charter/equipment/service resource that includes operator members and members representing all aspects of the travel and tourism industry. The directory is an excellent resource for valuable contacts in the motorcoach industry. Associate members are eligible to advertise in the AMA annual membership directory.

Website Link

Every AMA member has a web link on the AMA website. This creates easy access for communication among members and the public.

Annual Meeting and Market Place

A great opportunity in the motorcoach group travel industry, the Annual Meeting and Market Place brings operator buyers and travel industry sellers from all over the United States together for one-on-one tour planning. The multi-day event also features business training and professional development seminars.

Other State Associations

AMA maintains a relationship with other state motorcoach associations and tourism entities through meetings and regular communications to stay up-to-date on issues affecting members.

Professional Association Management Team

AMA's professional association management team has over fifty years of combined experience in the motorcoach industry. The management team has built a strong relationship with both United Motorcoach Association and American Bus Association since inception to create an extension of the team to assist you in your business growth based on industry research, up-to-date communications, and reports of congressional activity and federal motor carrier regulations.

Networking to build business relationships

AMA provides members the opportunity for networking with other operators and coach specific providers at annual operator meetings, and at the Annual Meeting and Market Place operators have the opportunity to network with fellow operator members and associate members representing attractions, hotels, theaters, destinations, restaurants, coach specific vendors, as well as tour operators and tour receptives.

Creating unity for common goals

AMA's Board of Directors and staff believe there is strength in numbers. A task one member may find difficult to address alone, all members working together through the Association may accomplish. Whether the issue is local, state or federal in nature, there is strength in one voice speaking for many.

Promoting cooperation among operators and associates

AMA promotes the idea of members working with members, which is one of the greatest benefits of association membership. The industry is all about relationships and AMA provides several forums for networking to build relationships, which promotes cooperation among its members.
